- 1 A line following a place name indicates that the place is consecutive with a MCD. An "A" indicates that the place is also the MCD. In both cases, the MCD name is shown only when it differs from the place name.
- 2 A VTD is a Voting District. It is a geographic entity, not a place. Its existence indicates that the VTD is a pseudo voting district or no information is available as to its boundaries.
- 3 A "—" following a block number indicates that the block number is repeated elsewhere in the block.
